## About the Magazine

Alexandria focuses on national and worldwide library and facts (LIS) problems. It is concerned with LIS associated standards, policy and exercise inside all national series institutions. It accepts descriptive articles on particular national or predominant studies libraries, or on the situation within a country or a location in regards to such topics as countrywide statistics planning, bibliographic networks, cooperative information provision, open get entry to, open data, requirements, digitization and new library architecture. Discussion papers are also welcome on topics inclusive of collection development, national retention and renovation guidelines, the advertising of countrywide library services, and the response of country wide and important studies libraries to the digital surroundings. Evaluations of books or reports inside the journal's scope are also blanketed.
