### About the Magazine

Asia-Pacific magazine of management studies and Innovation (APJMRI) is a quarterly double-blind, peer-reviewed refereed magazine of Asia-Pacific Institute of management, New Delhi, and is posted in March, June, September and December each 12 months. APJMRI carries theoretical and empirical papers, case research, studies notes, government revel in sharing and overview articles, and it aims at disseminating new understanding inside the discipline of various domain regions of control, data generation and associated disciplines. It gives a forum for deliberations and trade of know-how amongst teachers, industries, researchers, planners and the practitioners who are worried with the management, financial establishments, public and private companies, in addition to voluntary companies. Our editorial policy is that the journal serves the profession by means of publishing huge new scholarly research in management area areas which might be of the very best nice.

APJMRI is largely global in scope and organised into one-of-a-kind colloquium streams, inclusive of banking and finance, worldwide enterprise control, commercial enterprise studies techniques, monetary management, general management, human aid control, advertising management, operations management and choice

sciences, strategic control, economics, accounting, trade, total best management, business environment, business ethics and corporate governance, organisational behaviour, business psychology, organisation structures, generation management, sustainable development, entrepreneurship, corporate restructuring, enterprise intelligence and information gadget control. Each segment has its very own editorial task, editors and review board. Via our peer-evaluate technique, we enhance the expert improvement of scholars, practitioners and doctoral college students.
