## About the Magazine

Currents in Biblical Research is a peer-reviewed academic journal that focuses on the latest research in biblical studies. The journal covers a wide range of topics related to the Hebrew Bible/Old Testament and the New Testament, including textual and literary analysis, historical and cultural contexts, theological and ethical interpretations, and the use of biblical texts in contemporary contexts.

Published four times a year, Currents in Biblical Research features articles from scholars around the world who are engaged in cutting-edge research on biblical texts and their significance for contemporary society. In addition to articles, the journal also includes book reviews and bibliographic essays that provide readers with an overview of the latest publications in the field of biblical studies.

Subscribing to Currents in Biblical Research is a must for anyone interested in staying up-to-date with the latest developments in biblical scholarship. With access to the journal's high-quality research, readers can gain a deeper understanding of the Bible and its relevance to contemporary issues. Subscriptions are available both in print and online, and include access to all current and past issues of the journal.
