About the Magazine

Cosponsored by the American Statistical Association, the Journal of Educational and Behavioral Statistics (JEBS) distributes articles that are unique and valuable to those applying measurable ways to deal with issues and issues in instructive or social examination. Regular papers present new strategies for investigation. Moreover, basic audits of current practice, instructional exercise introductions of less notable strategies, and novel utilizations of definitely realized techniques will be distributed. Papers talking about factual strategies without explicit instructive or social premium will have lower need.
