About the Magazine

tele.net is a magazine targeted primarily at telecom service providers and large enterprise customers. It covers all segments of the sector – fixed, wireless, broadband, long distance, satellite-based services, etc. It tracks key developments, analyses major trends, profiles noteworthy organisations, interviews top managers, features opinions of industry experts, tracks financings, monitors sales and promotion, covers technology developments, profiles people of interest and provides key data and statistics. It is a must-read for any professional involved with the Indian telecom sector, be it a service provider or large enterprise customer, technology provider or contractor, policy-maker or regulator, management consultant or financier. It is published monthly.
