About the Magazine

The Pharma Review is one of India's leading BI-monthly Pharma journals, appropriately referred to as the Umbrella Journal of the Pharma Industry. With its high quality of content, it is abstracted and Indexed by the International Pharmaceutical Abstracts & Chemical Abstracts-USA, Index Copernicus-Poland and is listed in Ulrich Database-USA.

The journal provides an excellent platform for authors, researchers and advertisers. Also available in user friendly flip book digital format online and on CD Rom, the journal has readership in many countries, provides media support to Pharma Expos and Conferences worldwide and has a large number of advertisers from India and overseas.
