About the Magazine

Indian Plumbing Today – IPT – is being published under a collaborative arrangement with Indian Plumbing Association (IPA). It highlights one of the most critical and yet, one of the most neglected aspects of building services – plumbing. IPT covers a wide-ranging subjects related to better plumbing, like designs, products, installations, technologies, training & education, codes, sanitation, health, hygiene, water management, energy efficiency etc. Being the only publication of its kind in India, IPT is highly respected by plumbing consultants, architects, plumbing contractors, real estate developers, fire safety officials / contractors, project managers, operation and maintenance professionals, swimming pool experts, quality control professionals, water treatment experts, academicians, hydraulic engineers, jacuzzi installers, infrastructure developers, environmental engineers, hospital administrators and so on.
