Three	6	₹ 8000.00	₹ 2500.00	₹ 9000.00

About the Magazine

Journal on Pattern Recognition provides innovative ideas for the researchers, academics, professionals and high level engineering students to bring together the current developments in the applications of medicine, robotics, and remote sensing by satellites. Pattern recognition is characterized by automated searches over a large number of observations and huge combinatorial spaces and is concerned with the automatic discovery of regularities in data through the use of computer algorithms.
