### About the Magazine

International Journal of Chemical and Molecular Engineering is a companion explored journal that is devoted to distribute just great quality examination works; it acknowledges both unique exploration article and survey papers. Both exploratory and hypothetical papers falling under the extent of the journal are welcome.

All commitments to the journal are thoroughly refereed and are chosen based on quality and creativity of the work. The journal distributes the most huge new exploration papers or some other unique commitment as audits and reports on new ideas in all territories relating to its degree and examination being done on the planet, hence guaranteeing its logical need and importance.
